

If you liked our Prager seminar, *Gearing for the Future*, we have something new...

Hands on training with a Prager technician!

An on-site 4 hour session tailored for groups of 15 utilizing a combination of presentation graphics and an actual gearbox.

For the cost of shipping and the technician's expenses gain invaluable practical and technical advice regarding:

Common Types of Gearing
Gear Manufacturing
Hardening Techniques
Gear Installation
Mounting Spiral Bevels
Backlash
Contact
End play

For additional information contact your Prager Sales Representative or Prager Customer Service, Jeanne Bertrand, at 504-598-0311.
